Dear parents and carers,

I am writing to provide some basic information to ensure everyone can access our home learning should the school close.

All our home learning tasks will come via our website. It is important to know where to find them. The guide called '**How to find your child's home learning**' will tell you this. Please note there is nothing to access at the moment. Tasks and activities will be uploaded daily to our website in the event of a school closure.

The second guide is **how to access bug club**. Bug club is a key resource to develop reading. Please make sure your child accesses this daily. This is to be accessed immediately if you haven't already done so.

If your child is not in school at the moment, please ensure they are reading daily, practising their maths and ensuring they are being active. Below is a link to a resource called twinkl (please note the spelling of **twinkl**) . They are offering a temporary free subscription which will provide access to year specific learning that you may wish your child to access.

Please understand that while the school is open we are unable to provide home learning as well as prepare learning for the classroom. Our full home learning response will begin once the school is forced to close.

Step 1: Go to www.twinkl.co.uk/offer

Step 2: Enter the code you have received, or CVDTWINKLHELPS

This is a very challenging time for us all. Please do not hesitate to contact the school if you have any queries.

Yours sincerely,

Alexander Banks
Headteacher
